Summary

A skilled and motivated Frontend Developer with experience in ReactJs, NextJs, NodeJs, ExpressJs TypeScript, MongoDB and also CMS like WordPress, WooCommerce, Shopify, Magento. Committed to delivering high-quality results and working collaboratively in a friendly and dynamic environment.

The boilerplate content was inspired by Gayle McDowell.

Technical Skills

- **Frontend:** React.js, Next.js, Redux, JavaScript (ES6+), HTML5, CSS3, Tailwind CSS, Material-UI.
- **Backend:** Node.js, Express.js, Python (Django, Flask), RESTful APIs.
- **Database, Cloud:** MySQL, PostgreSQL, MongoDB, Amazon Web Services (AWS).
- **Version Control:** Git, GitHub, GitLab, Docker.
- **CMS Tools:** WordPress, Elementor, WooCommerce, Shopify, Wix, Magento.

Work Experience

Mage Marketer – Pune, Maharashtra, India
Frontend Developer   Nov 2024 – Present

- Developed and optimized dynamic, responsive web applications using React.js and Next.js, ensuring exceptional user experiences across devices.
- Gained hands-on experience with backend technologies, including Node.js and Express.js, to debug and support full-stack development.
- Built and customized dynamic websites using WordPress and Elementor Pro, creating visually appealing and user-friendly layouts.
- Implemented SEO best practices, optimizing site structure, metadata, and content for improved search rankings. Integrated third-party tools and APIs, such as payment gateways and CRM systems, to enhance website functionality.
- Configured and optimized WordPress hosting, improving website speed and security. Managed WordPress CMS, including updates, content creation, and troubleshooting for clients.

Web Mantra IT Solutions – Sangli, Maharashtra, India
Frontend Developer Intern   June 2024 – Nov 2024

- Developed new features and enhancements for the application using React and TypeScript.
- Optimized REST API calls to reduce load times resulting increase in a page speed.
- Collaborated with cross-functional teams to ensure timely delivery of project milestones.
- Implemented responsive UI components using Tailwind CSS, improving the application's mobile experience.
- Conducted code reviews and debugging to maintain code quality and ensure optimal performance.

Projects

Personal 3D Portfolio   www.iamsanket.in

- Developed a responsive personal 3D portfolio website using React.js, Three.js, and Tailwind CSS to showcase Work Experience, projects and skills. Integrated a contact form with EmailJS for Job and client inquiries, optimized site performance, and deployed it on Vercel with Custom Domain for scalability. Added smooth animations and a modern UI to enhance user engagement.
- **Tools Used:** React.js, Three.js, Tailwind CSS, Framer Motion.

E-Commerce Platform with AI-Powered Recommendations   github.com/name/repo

- Built a full-stack e-commerce web application using Next.js (React with SSR) for enhanced SEO and Node.js for a modular backend. Integrated PostgreSQL with Prisma ORM for efficient database management and scalability.
- Implemented an AI-powered recommendation engine using TensorFlow.js, providing personalized product suggestions based on user behavior.

- Enabled secure authentication with OAuth & JWT, and integrated Stripe API for seamless payment processing. Developed an admin dashboard to manage products, track orders, and monitor sales insights.
- Deployed on Vercel (frontend) and AWS (backend & database) for high availability and scalability.
- **Tools Used:** Next.js, Node.JS, PostgreSQL, Tailwind CSS

AI Image Generator   github.com/name/repo

- Developed an AI-powered image generation web app using MERN stack and OpenAI API, enabling users to generate unique images based on text prompts.
- Implemented a secure backend with Node.js and Express.js, handling API requests and managing user inputs efficiently.
- Optimized frontend with React.js and Tailwind CSS, ensuring a seamless and responsive user experience.
- Deployed on Render.com with MongoDB Atlas integration, enabling scalability and real-time data storage.
- **Tools Used:** MERN Stack, OpenAI API, Tailwind CSS

Education

Master of Computer Applications (MCA), Shivaji University, Kolhapur   **2022 – 2024**

- **CGPA:** 7.84/10.0
- **Coursework:** Data Structures & Algorithms, Web Technologies, Machine Learning, Database Management Systems, Cloud Computing .

Bachelor of Computer Applications (BCA), Shivaji University, Kolhapur   **2019 – 2022**

- **Percentage**: 79.53
- **Coursework:** Object-Oriented Programming, Operating Systems, Software Engineering, Computer Networks, Database Management

Key Skills & Competencies

- **Technical Leadership:** Led a team of developers, ensuring efficient project execution, code quality, and timely delivery of high-impact web applications. .
- **Problem-Solving:** Optimized React applications by solving complex coding challenges, enhancing performance and user experience.
- **Team Collaboration:** Worked closely with cross-functional teams, mentoring junior developers and fostering a culture of innovation.
- **Attention to Detail:** Maintained high code quality through rigorous testing, debugging, and best coding practices.
- **Technical Expertise:** Proficient in React.js, Next.js, Node.js, Express.js, MongoDB, PostgreSQL, Tailwind CSS, and performance optimization.
